Neuroplus Classes

Engage VR Neuroplus classes are fun, challenging and provide a great team based environment for our clients to add to their rehabilitation.

Why attend an ENGAGE VR Neuroplus Class

Our Neuroplus exercise classes are traditional gym circuits that incorporate breathing training, and cognitive communication exercises.

There are many benefits of these fun and challenging classes including:

- Breathing training using technology such as the Powerbreathe® device
- Specific virtual reality (VR) activities that target reactivity
- Improvements to balance and fitness.
- Specifically targeted cognitive communication exercises.
- Inclusion of floor-based activities which involve dual tasking and a focus on gait.

- The classes allow for up to 6 participants with a fun and social atmosphere.

- All participants are screened by a physiotherapist prior to commencement.

Clients with the following neurological conditions are suitable; Parkinson's disease, Huntington's disease, high functioning stroke clients, high functioning brain injured clients and other neurological conditions.
