Creating New Pathways

engageVR

Huntington's Disease

Huntingtons disease may cause a range of movement, cognitive and functional concerns. The Engage VR team have experience with assessment and best practice management of the symptoms associated with Huntingtons disease.

Why see ENGAGE VR

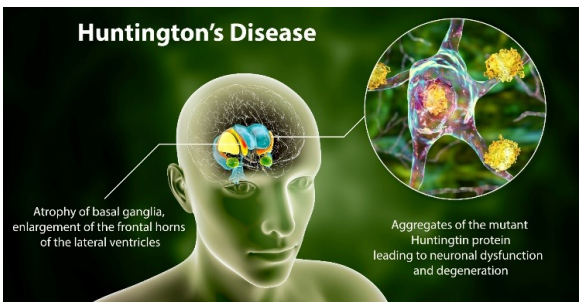
Our multidisciplinary team conducts a thorough assessment to really understand your goals and specific areas of need.

We work with you to identify the high priority health, physical and functional areas that we can assist you with.

Our programs target Huntington's symptomology including, but not limited to, the use of respiratory training, task specific training, virtual reality and dual tasking to improve reactivity, gait and balance.

Our Exercise Physiolology team can assist with providing a suitable exercise program that manages muscle weakness, improves body composition and improves your motivation to be active.

Our Occupational Therapy team can assist with equipment recommendations, home modifications, hand therapy and guidance with activities of daily living.



Tell me more about ENGAGE VR

Engage VR Rehab is a multidisciplinary health organisation that specialise in the management and rehabilitation of complex care conditions. We offer a range of evidence-based treatment modalities, typically provided in Allied Health. We also incorporate a range of technologies such as Virtual Reality (VR), Functional Electrical Stimulation (FES), Icaros Core, and Powerbreathe® to name a few.

FAQ

HOW DO I GET STARTED?

Call us today to book an initial assessment. Alternatively, you can book a meet and greet to meet our team and look around the clinic

DO I NEED A REFERRAL?

Most clients do not need a referral unless you are claiming through Lifetime Care and Support, Medicare (EPC) or Workers Compensation.

WHAT COSTS ARE INVOLVED?

Costs vary depending on how you fund your rehabilitation, however, we accept and are approved for NDIS, Aged Care, GP (EPC), Lifetime Care and Support, Workcover, DVA, Private Health Funds and Self-referrals.
