Creating New Pathways

engageVR

Spinal Cord Injury

Integrating technology within spinal cord rehabilitation allows us to create an immersive and engaging experience that helps enhance recovery function and connection.

Why see ENGAGE VR

Our multidisciplinary team conducts a thorough initial assessment to really understand your goals and specific areas of need.

We work with you to identify the high priority health, physical and functional areas to target your rehabilitation.

We offer a range of technology assisted rehabilitation equipment to assist with:

- Spasticity management
- Weakness
- Pain management
- Respiratory function

We use a range of Virtual Reality (VR) applications to assist with:

- Sitting balance
- Core stability
- Walking balance
- Reaction time
- Hand/arm control

Our treatment programs are clinically evidenced, focused on your outcomes and fun.

Tell me more about ENGAGE VR

Engage VR Rehab is a multidisciplinary health organisation that specialise in the management and rehabilitation of complex care conditions. We offer a range of evidence-based treatment modalities, typically provided in Allied Health. We also incorporate a range of technologies such as Virtual Reality (VR), Functional Electrical Stimulation (FES), Icaros Core, and Powerbreathe® to name a few.

FAQ

HOW DO I GET STARTED?

Call us today to book an initial assessment. Alternatively, you can book a meet and greet to meet our team and look around the clinic.

DO I NEED A REFERRAL?

Most clients do not need a referral unless you are claiming through Lifetime Care and Support, Medicare (EPC) or Workers Compensation.

WHAT COSTS ARE INVOLVED?

Costs vary depending on how you fund your rehabilitation, however, we accept and are approved for NDIS, Aged Care, GP (EPC), Lifetime Care and Support, Workcover, DVA, Private Health Funds and Self-referrals.
